

Our Customer Commitments

We at Cape Air are dedicated to making every flight a safe and pleasant experience for our customers. Our Customer Commitments address a number of service goals we have defined for ourselves. We hope you will let us know how we are doing so that we may learn how to best serve your needs and expectations. Thank you for flying with us!

1. Advise about lowest available fares

When customers contact our Reservations Office, visit our Airport or City Ticket Offices, or book flights through www.capeair.com we will offer the lowest fare available through that booking channel for which the customer is eligible for the date and flight requested at the time of the request. You should advise Cape Air of any special status that might qualify you for any special fare or discount. If you indicate flexibility in your travel plans where we may be able to find you a lower fare, our agents will offer to check availability for specific alternative dates and times. Occasionally, lower fares may be available online at www.capeair.com, and our partner airlines may have lower fares for their segments via their Reservations Offices, Ticket Offices, or website.

2. Notify Customers of known delays, cancellations, and diversions

We work hard to get you to your destination on time, as scheduled. Unfortunately, there may be times when weather, air traffic control, operational, or service considerations result in flight delays, cancellations, or diversions. When this happens, we will provide customers with timely updates about any change in flight status and will strive to provide the best available information concerning the duration of any delay and, to the extent available, the flight's anticipated departure time. We may use one or more ways to communicate this information to you: through boarding area announcements, airport flight status displays, online at www.capeair.com, and, upon request through contact via phone with Cape Air's Reservations Office.

3. Deliver baggage on time

Cape Air strives to deliver checked baggage to our customers in the baggage claim area in a timely and efficient manner. When on occasion your bags are delayed or misplaced, we will make every reasonable effort to deliver your bags within 24 hours. If you are unable to locate a bag upon arrival, please notify a Cape Air agent prior to leaving the airport, or within 4 hours of the flight's arrival. (Please note that different procedures apply for baggage that is accepted as "excess" and carried subject to space-availability on aircraft.)

If you have expenses resulting from a baggage delay and are eligible to receive compensation, we will compensate you for reasonable and necessary out-of-pocket expenses. If your bag is lost, we will reimburse you for any fee charged to transport that bag.

4. Allow refunds within 24 hours of purchase

Although we require instant purchase at the time of booking through our Contact Center, City and Airport Ticket Offices, and www.capeair.com, Cape Air will provide the opportunity for Customers to think about their travel plans, consult travel companions, or seek alternative transportation options.

For tickets purchased at least seven (7) days before a flight's scheduled departure date and time, Customers may cancel ticketed reservations and obtain a 100% refund, without penalty, to the original form of payment within 24 hours of the purchase, even for non-refundable tickets. Please note that changes to the itinerary in lieu of cancellation by the Customer may result in a change in the fare.

For tickets purchased less than seven (7) days before a flight's schedule departure date and time, Customers may obtain a refund only if the ticket is otherwise eligible for a refund (e.g.,

Refundable ticket) as defined herein, and provided for in the fare rules published with ATPCO and available for review at the time of ticket purchase.

5. Provide Prompt Ticket Refunds

We strive to provide prompt refunds for eligible tickets once all appropriate documentation is received. When issuing a refund, the refund will include the fare, taxes and any pre-paid optional services for which you paid but were unable to use due to flight cancellation or oversale, less any fees if applicable. Refunds for purchases made with credit cards are issued to the original form of payment within 7 business days of receipt of the required information. Credit card refunds may take up to 2 billing cycles before appearing on the credit card statement depending upon your specific credit card agreement. Refunds for purchases by cash or check are issued within 20 days of receipt. Refunds will only be issued in the name of the purchaser or customer, as applicable.

For refund guidelines, lost ticket refunds, or other helpful information, please visit <https://www.capeair.com/scripts/refunds.php>. You may also contact our Refund Department at (508) 957-6909 or refunds@capeair.com.

For tickets issued by travel agents, online booking agencies or other airlines, including interline and code share airline partners, for travel on Cape Air, please direct the refund request to that agent or airline for processing. In this situation, the agency or other airline refund policy may apply.

6. Properly accommodate Customers with special needs

We work hard to offer convenient and comfortable service to all of our customers, and to ensure that we do not discriminate against passengers on the basis of disability. We will provide our customers who require additional assistance the attention, respect, and care they deserve, and as required by U.S. Department of Transportation Part 382.

Customers with Disabilities

Cape Air strives to provide customers with disabilities safe, dignified, professional, and courteous service at all times. In providing this service, Cape Air will consult with the customer about any assistance and special plans arranged on the customer's behalf. And, during lengthy tarmac delays, we will make every effort to properly accommodate customers with special needs.

Our Contract of Carriage section entitled "Acceptance of Customers" contains information that may be helpful, particularly when flying in our 9-passenger aircraft. You will find in this section information including aircraft specifications and requirements to help travelers with special needs safely board and fly in our aircraft, what boarding assistance we can offer, and how we may support travel with assistive devices, infants, service animals and therapeutic oxygen.

Young Travelers

We welcome young travelers on our flights, but, for their safety, have policies about when a minor can travel alone and when an adult must accompany the minor child during travel.

Minors under the age of 8 years may not travel unaccompanied. Minors age 8 through 14 years (up until the 15th birthday) may travel on Cape Air non-stop, domestic U.S. itineraries unaccompanied subject to restrictions. Young travelers age 15 through 17 (up until the 18th birthday) may travel independently as Young Travelers on Cape Air non-stop itineraries. For more information, please see our Contract of Carriage at www.capeair.com.

The welfare of unaccompanied minors is a matter we take very seriously. If there is a possibility that your child's flight may be delayed, terminate at an airport other than the minor's destination, or misconnect for any reason, we may change your child's flight, including the departure date. Unaccompanied minors will be in the presence of Cape Air's representatives at all times.

7. Meet Customers' essential needs during lengthy tarmac delays

We are committed to operating a reliable schedule. There are times, however, that extraordinary events may result in very lengthy onboard delays. These are situations where an aircraft is delayed on the ground but does not have access to a terminal gate for an excessive period of time. We have developed contingency plans to address these situations and will work with other carriers and the airports to offer the best service available. In such events, we will make every reasonable effort to ensure your essential needs, such as food, water, restroom facilities and access to basic medical assistance, are met. For more information about our Long Tarmac Delay Plan and Procedures, visit www.capeair.com.

8. Treat Customers fairly and consistently in case of oversales

Occasionally, we may not be able to provide you with a seat on a specific flight, even if you hold a ticket, have checked-in, are present to board on time, and comply with other requirements. This is an oversale and it unfortunately may occur as a result of Cape Air's overbooking policy or as a result of other situations within or outside of Cape Air's control. When we have an oversale, Cape Air's policy on Denied Boarding will apply.

If at departure time more customers with confirmed reservations are present than there are seats on the aircraft, Cape Air will encourage customers to voluntarily relinquish seats in exchange for a free Cape Air ticket, or other compensation, in an amount determined by Cape Air. The request for and selection of volunteers will be in a manner determined solely by Cape Air. Cape Air will transport the customer on its next flight on which space is available, or make other arrangements as mutually agreed. On extremely rare occasions, a customer may be denied boarding on an involuntary basis if volunteers are not obtained. In such events, we will usually deny boarding based on check-in time, but we may also consider factors such as hardships or connections further along in the customer's journey.

Additional information concerning our Overbooking and Denied Boarding policies can be found in Cape Air's Contract of Carriage at www.capeair.com.

9. Disclose cancellation policies, frequent flyer rules, and aircraft configurations

We will provide you with clear information about policies and services which may be important to you on www.capeair.com and through our Reservations Office, on request.

Cancellation Policies

There are multiple reasons why your flight may be cancelled by Cape Air. On booking at www.capeair.com or through our Reservations and Airport and City Ticket Offices, or upon request, our representatives will disclose your itinerary and any ticketing cancellation policies which apply. Reasons for cancellation, in addition to cancellation policies specific to your ticket, may be found in our Contract of Carriage in the Section "Cancellation of Reservations."

Known Change of Aircraft

Our representatives will disclose, and our website will indicate, any available information regarding a change of aircraft on a single flight with the same flight number and will do so at the time of booking.

Frequent Flyer Programs & Rules

For information about programs available for Cape Air frequent travelers, please refer to www.capeair.com.

In addition, through our airline partnerships, Cape Air's customers may earn and redeem miles through frequent traveler programs where Cape Air is a participating partner when booking joint

itineraries through our partner airlines. In such instances, the partner airline frequent traveler policies apply. Please contact our partner airlines or refer to their websites for more information on these programs.

Aircraft Configuration & Lavatory Availability

Customers can obtain information on aircraft configuration and seating at www.capeair.com, or through contact with a Cape Air agent in our Reservations Office, at the Airport, or at a City Ticket Office. Information regarding available on-board lavatories may be obtained through contact with any Cape Air agent listed above. This information is also included below for your convenience:

Lavatories are not available on Cape Air's Cessna 402, Britten Norman Islander, or Tecnam P2012 Traveller.

10. Notify Customers about travel itinerary changes in a timely manner

We understand that you need timely information about changes to your travel itinerary. If you provide us with your contact information, we will notify you in a timely manner about any changes to your itinerary resulting from changes to flight schedules published after you made your original booking. For Customers who have made travel arrangements through a travel agent or online agency, Cape Air provides travel change information to these agency services so that they may contact you using the contact information you provided to them when booking your travel.

11. Ensure responsiveness to Customer complaints

The employee-owners of Cape Air strive to provide our customers with a travel experience that is a cut above the rest. We live by the mantra, MOCHA HAGoTDI, which means Make Our Customers Happy And Have A Good Time Doing It.

Listening and learning from our customers is key to our ability to serve well. Whether you have a complaint or a comment, we appreciate your time in giving us the opportunity to understand your needs. We will acknowledge receipt of any complaint from you in writing within 30 days of receiving that communication. Your complaint will be addressed as soon as possible, but no later than 60 days after receipt.

Please feel free to contact our Customer Care office by email at careteam@capeair.com, or by mail to Cape Air Customer Care, 660 Barnstable Road, Hyannis, MA 02601. More information is also available at: [Contact Cape Air](#)

12. Provide services to mitigate inconveniences resulting from cancellations and misconnections

We expect, as you do, that Cape Air will operate flights on time. On occasion, the weather or other challenges can make it difficult to stay on schedule. When a delay or cancellation does occur, our goal is to get you to your destination safely and as quickly as possible.

When your flight is cancelled or delayed, we will rebook you on our next flight with available seats at no additional cost. Depending on the options available and the extent and cause of the delay, we may also work with you on other options which may include rebooking you on a partner airline or helping to arrange alternative ground or sea transportation. In the event you miss a connecting flight on which space is reserved pursuant to an Interline or Codeshare Itinerary, Cape Air or our airline partner may additionally assist with rebooking or other arrangements, as needed.

When the cancellation or significant delay is caused by us, we may offer amenities such as lodging, meals or special services as necessary and in Cape Air's discretion. When the

cancellation or significant delay is not caused by us (e.g., weather or air traffic control), you are responsible for your own amenities and expenses beyond Cape Air's obligation to rebook you on the next flight with available seats.

If you decide not to fly because of a cancellation or significant delay, you can forgo further assistance and request a refund for the remaining ticket value.

We take these service goals very seriously and will do everything we can to meet and exceed your expectations. However, the Customer Commitments do not create contractual or legal rights. Rather, our contractual rights and obligations are set out in our Contract of Carriage and applicable tariffs, both of which provide additional details on the matters discussed and must be consulted to fully understand your rights and our obligations. Please refer to the Contract of Carriage on our website or contact any Cape Air representative for a copy.
